Parrell Booking Games.

Manager Farrell is booking dates for his State hospital baseball team, which has now been organized and wants to start the season by April 15 on the hospital grounds. Uniformed teams are wanted for games and all such can be sure of meeting a team that will give them a good go, as the line up for 1910 is expected to be up to the winning standard of the past two years.

Bill Austin is to be center.

Debating Forward Pass. New York, March 23.—The forward pass is an element of modern football both so important and so debatable that the intercollegiate rules committee adjourned tonight after eight hours of active discussion with no progress to report.

SOME SURPRISES

-Wicks, Hilton and Tuckey Seem Evenly Matched.

From the reluctance the local sports are showing about picking a winner from the Tuckey-Wicks-Hilton 15-mile race at Sachem park this afternoon it is evident they are anticipating a contest that may furnish some surprises before the full 15 miles is trotted off. It all argues that it is the opinion of those who are following the runners those who are following the runners that it would be difficult to pick out three men in the county more evenly matched, and it may be anybody's

What betting has been done has been on a small scale, but when the supporters of the three men come together today there is likely to be something more doing in this line. The way the talent is figuring it out is about as follows: On time made over orders executed in Stocks and Bonde, Grain and Cotton.

It is reported from Danielson that a bunch of the followers of sporting eyents will leave that section of Windham county today for Norwich to witness the race. There has been much interest in the running stunts that have been performed between New London and Norwich, and as today is a hollday for many workers, thus affording a chance to see the long distance men in action, they are going to take advantage of the opportunity to be witnesses of what promises to be a highly interesting and closely contested event.

Cincinnati, March 25.—The National baseball commission adjourned at 4 p. m., announcing that no decision had been reached in the Kling case. It was hinted that a decree might be promulgated, however, within a few days.

The commission issued a notice to all major league players, giving the conditions under which a Detroit firm is to present an automobile to the champion batsman of the 1910 season. Regular players, to be eligible for the prize, must have been credited with 350 times at bat, catchers with 250 times and pitchers with 100. The official league batting average will be the only factor considered in awarding the prize.

The commission refused to take further action in the case of Player Hunt, who was sold to the Boston American league club by Hutchinson, Kan, and also to the Wichita, Kan, club. On a former hearing, title to the player was vesited in Boston, the present hearing being a dispute between the two western clubs as to the division of the purchase money.

Joseph Knott, who played with Buffalo in the Eastern league last year, was denied the standing of a free agent. He claimed it because of his successive transfers sto Jersey City and New Britain, Conn.

Bill Austin is to be captain and will also twirl and much is expected in the pitching line from a new twirler by the name of Greeneway, who will be here from Tennessee, as soon as the season is well under way. There will be no weakness in the backstop department, as Bill Clabby has been signed for this work and the loss of Brisbois will never be felt if Clabby is at the receiving end of the battery. For the rest of the team there are Wicks, Sam Austin, Dan Fowler, Stryhall, Mahoney and White, who will hall, Mahoney and White, who will make it possible to fill the positions with fast men.

There is some fixing to be done around the grounds, leveling off the diamond, and filling up in left field, so that with the grand stand the team will have an attractive ball field.

SWIFT'S—A SUPERIOR CLASS OF FERTILIZERS.

"Having used Swift's High-Grade 'Animal Brand' of Fertilizer, 300 lbs. per acre on a five acre piece of ensilage corn the past season, must say, notwith standing its being a very dry season, I harvested the biggest crop of corn per acre I ever raised. It was immense, thick and well eared, averaging fully 12 feet high, after several hard frosts. I managed to get it nearly all into a 57 ton silo during two weeks settling before it froze or it would doubtless have required a great deal more room. Have also used your fertilizers on potatoes and other crops with splendid results.

splendid results.

"It is with pleasure that I give this testimonial having used Swift's Animal Fertilizers for several years, and can say I believe them superior to any other class of fertilizers on the market, being Animal Blood, Meat and Bone, they furnish a large amount of concentrated organic matter for humus, which greatly aids in absorbing and holding moisture, thus hastening dissolution of all soil elements for plant life.

"I would recommend all up-to-date, progressive farmers to try Swift's Animal Fertilizers and learn of their real merits and great value."
